

Webinar GGA

Introducing collection and recycling
of workwear, safety footwear & PPE
with the GGA dashboard

April 8th 2026

The Green Gear Alliance

- > For the industry, from the industry
- > Non-profit
- > User-centered

GGA organises collective reverse logistics and recycling for workwear, safety footwear, and PPE, supporting the transition to circular PPE.

“In the Benelux, tens of thousands of tonnes of professional textiles and PPE-related materials enter the waste system every year.”

**“Practical & collective action
pave the way to
smarter use of materials
& the transition to circular PPE.”**

**“GGA set up an easy and practical
collective process for
(B2B) organisations
for end users and dealers.”**
